Foreword

"Statistical Abstract, U.P." is one of the important publications of Economics and Statistics Division, U.P. which is being published annually since 1961. The current issue "2008" of the publication is 23rd issue of the revised series started since 1986, on the format suggested by the Central Statistical Organisation, Govt. of India. To facilitate comparative assessment, latest available development data have been provided in 180 tables of the publication, along with data of past few years, which have been obtained from the respective departments of the State Govt., Govt. of India and different agencies.

Information relating to various aspects of socio-economic development viz. area, population, environment, education, health, State income, agriculture, animal husbandry, transport, tourism, labour & employment, finance and public administration & election has been provided in the publication. The source of data and their limitations have also been quoted in the publication

I am grateful to all the data-provider agencies for their active co-operation in furnishing data required for bringing out this publication.

It is hoped that the present publication will provide reference material to facilitate study of the changes which are occurring in the pattern of the economic structure of the State as well as of its districts. Suggestions/ comments for further qualitative improvement in the contents of the publication shall be warmly welcomed.

PREFACE

“Statistical Abstract, Uttar Pradesh” is an annual publication of Economics and Statistics Division of State Planning Institute, Uttar Pradesh, which is being published since 1961. This publication is found very useful to study the trend of state’s overall development and in formulation of plans. The publication is prepared on the revised format since 1986 as prescribed by Central Statistical Organisation, Government of India. The present publication of 2008 is the 23rd issue of the revised series.

Many tables in the publication contain the state level figures for the past years to facilitate the comparison of the development, besides this district wise data have been provided for the latest available year. This issue of the publication as usual contains 35 chapters under 3 parts as Social, Economic and other Statistics. Information relating to various aspects of Socio-economic sector viz. Area, Population, Environment, Education, Health, State Income, Agriculture, Animal Husbandry, Transport, Tourism, Labour & Employment, Finance and Public Administration & Election have been provided in the publication.

I am grateful to all those departments/institutions who have duly furnished requisite information. I hope, this publication will be useful for various planners, administrators, decision makers and researchers etc. Any suggestions for further improvement for publication will be highly appreciated.
