FOREWORD

The Economics and Statistics Department has been publishing Statistical Diary of Uttar Pradesh regularly on an annual basis from the year 1968. This **“Statistical Diary, Uttar Pradesh 2021”** is the 54th issue of the series.

The publication aims to cater to the state/district level and also interstate data requirements for development in different socio-economic sectors of the State. To facilitate the comparative and progressive study of the development of the State most of the tables in the publication contain data for the selected previous years too.

This issue contains a total 148 tables wherein data on some important parameters related to Population Statistics, Agriculture, Animal Husbandry, Finance, Industry and Employment, Public Health, State Income, Revenue and Expenditure, Education and Social services are given.

I would like to express my gratitude to the members of the sub-committee of "Statistical Diary", constituted under the U.P. Statistical Co-ordination Committee and also to the concerned departments of the Central Government for their co-operation in providing timely data for the publication.

I am sure that this issue will be of immense use to the policy makers, administrators, planners, economists, academicians, social scientists and researchers. Suggestions from the users for further improvement of the publication are most welcome.
