PREFACE

Economics and Statistics Division of the Planning Department, Uttar Pradesh has been bringing out the brochure "UP At A Glance (In Figures)" in Hindi every year since 1991. To facilitate the users, English version of the brochure "UP At A Glance (In Figures)" was brought out for the first time in the year 2009. The present English edition of 2024 is the 16th issue in this series.

In the publication, the data of state and national level have been obtained from the respective departments/institutions of the state government and the government of India. Its electronic version is available on the department's website <http://updes.up.nic.in> and detailed description is available in Statistical Diary, UP-2024 publication.

The brochure is presented in two parts. Its first part comprises available socio-economic data for year 2021-22 and latest two years of the state. In the second part, indicators of the some important items related to UP have been compared with corresponding indicators at the national level.

I am grateful to concerned departments of Central and State Government for their cooperation in providing the necessary data.

I am sure, that data presented in this publication will be useful for policy makers, administrators, planners, economists, sociologists, educationists and researchers. Improvement is a continuous process, hence important suggestions for further improvement in the publication are most welcome, which can also be provided on e-mail dbankesd@nic.in.
